### Outdoor Digital Board Displays Real-time Funds Raising Tallies

Wrigley's C.H.E.W. Program Designed to Help Fuel Canadian Athletes' Dreams  
TORONTO, CANADA — RSS Feeds to OBN digital boards are tallying the dollars being raised, in real time, through a unique charitable effort that empowers Canadians to help their hometown athletes pursue their athletic dreams.

The C.H.E.W. (Canadians Helping Each Other Win) campaign was launched by Wrigley Canada, a Proud Partner of the Vancouver 2010 Olympic Winter Games, to raise a minimum of \$500,000 for the Canadian Olympic Foundation, a registered charity founded by the Canadian Olympic Committee to provide financial support to Canadian athletes across all Olympic sports. Now through March 21, a portion of the proceeds of each pack of Wrigley's Excel®/MD, Extra®/MD and Juicy Fruit®/MD chewing gums sold are being donated directly to the Foundation.

BBDO Toronto partnered with Wrigley Canada to develop the campaign that features Wrigley's Excel, Extra and Juicy Fruit chewing gums, along with images of notable Canadian athletes, on OBN's digital boards in Toronto, Calgary, Edmonton and Vancouver. The campaign also includes TV, print and online.

“This campaign has really captured the attention of Canadians and we can immediately broadcast how much is being raised, in real time, while showcasing Wrigley's chewing gum products and Canadian athletes, on our digital boards. We're updating the ‘tote board’ amount every 60 seconds,” said Peter Irwin, President of OBN.

“The digital video boards are a key component of the C.H.E.W. campaign as they help generate awareness and consumer advocacy for our efforts to

raise funds for Canadian athletes pursuing their dreams,” said Dan Alvo, Wrigley Canada’s Director of Marketing. “By providing real time updates toward our fundraising goal, consumers see how their contributions are making a difference.”

Additional information surrounding Wrigley Canada’s Olympic activation can be found at [chewtowin.ca](http://chewtowin.ca).
